

# TRACER<sup>®</sup> silver

## The Ultimate In Deposit Bag Security.

If your business isn't using TRACER<sup>®</sup> silver, you don't have the ultimate in deposit bag security. TRACER<sup>®</sup> silver utilizes next-generation technology to prevent premature triggering and provides a void message when tampering occurs.

TRACER<sup>®</sup> silver is the latest in our complete line of tamper-evident products for retail, grocery, convenience store, and gaming industries.

### TRACER<sup>®</sup> silver Features

- Closure is extremely tamper-evident under a variety of conditions and shows "STOP" when tampering occurs.
- Closure endures normal usage without showing evidence of tampering.
- "S"-Perf to show additional signs of tampering.
- Seals are sturdy, highly tamper-evident and leak-resistant.
- Film endures normal customer usage without deteriorating.
- Film is water and oil resistant.
- Bag, receipt, and bottom pocket are coded with identical distinctive numbers.
- Bar code readable by all major scanning devices.

### TRACER<sup>®</sup> silver Construction

- 7/16" pouch seal on both sides of the bag and minimum seal strength of 2,990 grams/inch.
- 1/8" pouch seal separating the cash only and check only pouches with minimum seal strength of 2,076 grams/inch.
- Seals are straight and cleanly cut to provide a maximum degree of tamper-evidence.

### TRACER<sup>®</sup> silver Tamper-Evident Closure Method

TRACER<sup>®</sup> silver cash pouch has a self-sealing, pressure-sensitive 1" width adhesive void tape. The check pouch has a self-sealing, pressure-sensitive 3/8" width adhesive tape. These proprietary closure systems provide a maximum degree of tamper-evidency.

#1 For Security  
And Savings

# Security Deposit Bags

58 or 65 micron, high-strength, 3-ply polyethylene film provides outstanding resistance to oil, water, and tough abuse. 100% recyclable within the same waste stream.
